# ABOUT SLK

SLK specializes in comprehensive supply chain management solutions for defense sectors around the globe. Our extensive network of global suppliers and vendors, in-depth knowledge of procurement, and structured approach enable us to deliver goods and equipment on schedule at the most competitive rates without compromising on quality.

We serve demographics across the globe, including the USA, Europe, Africa, the Middle East, and Asia, with offices in the USA, United Arab Emirates, Poland, Iraq, Kuwait, Singapore, and Qatar. As a major player in the consumer goods, automotive, construction, and perishable industries, we have extensive knowledge of these sectors.

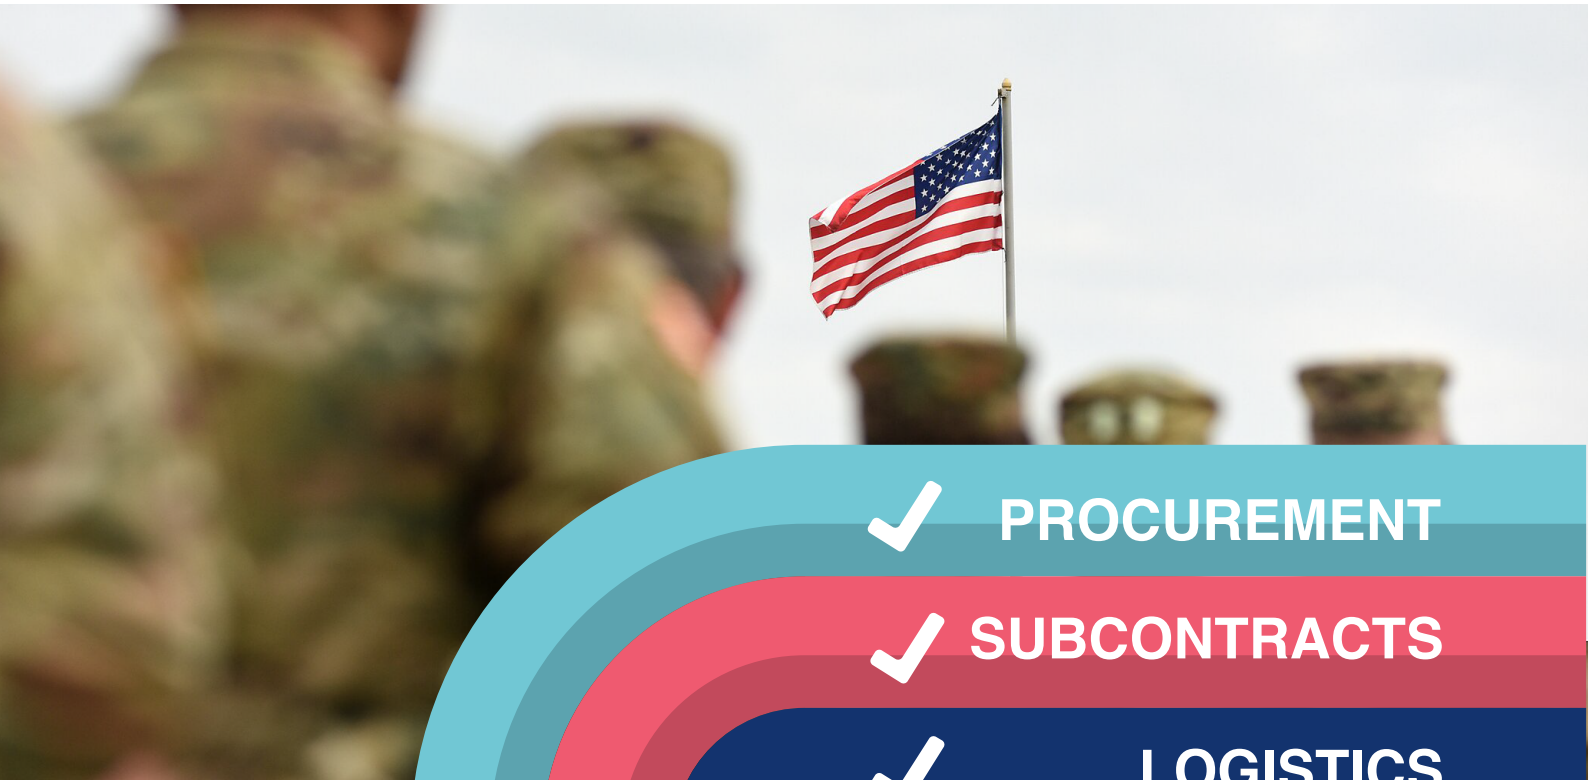

## THE SLK APPROACH

Our expert teams work closely with clients to analyze data and understand their business needs. We cultivate faster, fresher, and more substantial outcomes by tapping into our sector expertise.

We offer:

# WHAT WE DO

✓ PROCUREMENT

✓ SUBCONTRACTS

✓ LOGISTICS

1

2

3

- 1** Using our extensive procurement experience we build and execute complex supply chains that deliver in the most challenging locations.
- 2** SLK offers comprehensive subcontracting services in areas such as kitchen equipment and generator leasing, construction work, fuel testing, lift station pump repair, underground leak detection and rectifications.
- 3** We offer end-to-end logistic support including warehousing, fulfillment, distribution, and freight forwarding.

# SUBCONTRACT

SLK offers comprehensive subcontracting services in areas such as kitchen equipment and generator leasing, construction work, fuel testing, and lift station pump repair. SLK is strongly backed by global vendors offering very reliable services as well as a team of staff well-versed in operations and maintenance.

Our fuel testing services (Mogas & Diesel) are designed to evaluate the client's requirements and offer rapid and effective analytical solutions while ensuring adequate compatibility with fuel injection systems and reducing operational expenses.

SLK has been sourcing and providing generators of various brands to its international clients. We are also one of the largest providers of Combi Ovens to the defense forces.

With substantial expertise in the inspection, repair, and maintenance of lift station pumps inside the military facility, SLK can find the most appropriate wastewater solutions for its customers.

- ✓ **CONSTRUCTION**
- ✓ **FUEL TESTING**
- ✓ **VEHICLE LEASING AND MAINTENANCE**
- ✓ **WATER TREATMENT**
- ✓ **UNDERGROUND LEAK DETECTION**
- ✓ **WASTEWATER SOLUTIONS**

# SLK PRODUCTS

## BUILDING AND CONSTRUCTION MATERIAL

**1** Cement, Glass, Building Products, Steels
